The United Nations Office at Nairobi (UNON), on behalf of Climate Technology Centre and Network (CTCN), United Nations Environment Programme (UNEP) invites qualified interested firms to submit Expression of Interest (EOI) to participate in the upcoming solicitation for provision of technical assistance for the Radio-Internet climate technology for Agricultural Resilience (RANET-Agric): Harnessing the combined potential of Radio and Internet to enhance agricultural resilience against climate change disasters in rural Kebbi State, North-western Nigeria.

United Nations Environment Programme (UNEP) on behalf of the Climate Technology Centre and Network (CTCN) requires the services of an institution to deliver the technical assistance. The overall objective of this technical assistance will be to pilot the RANET (Radio Internet System) in Kebbi State, Nigeria. RANET is a unique exploitation of the Radio and Internet to afford rural communities the opportunity to leverage technology and radio, which has widespread use in rural communities to build the resilience of smallholder agricultural practitioners, promote wider use of agrometeorological services to improve data availability, climate forecasting, early warning, adaptation planning and decision making in the agricultural sector for the

Kebbi State in Nigeria. In the medium and long term, this project aims to reduce climate risks in agricultural production, thereby improving food supply and livelihood security.

Some of the expected activities are:

- Creation of a steering committee, mapping of stakeholders and inception meeting
- Development of implementation planning and communication documents.
- Diagnose existing equipment and define the needs and the characteristics of the optimal system to transfer adequate climate data from the NIMET to local farmers of the Kebbi State, North-western Nigeria to increase their resilience to Climate Change and their decision-making process while managing their land.
- Designing the architecture of the system, identification of relevant technologies and identify the barriers, the challenges, the opportunities, and strength of the systems in place to implement such a technology.
- Organize in-person meeting to validate the prototype technology.
- Piloting the technology in Kebbi state, plan the implementation of the pilot project and validation of the final prototype.

The complete details of the requirement will be provided in the tender documents that will be issued to bidders after this request for EOI is closed.

SPECIFIC REQUIREMENTS / INFORMATION (IF ANY)

The Climate Technology Centre and Network (CTCN) is the operational arm of the United Nations Framework Convention on Climate Change (UNFCCC) Technology Mechanism and co-hosted by the United Nations Environment (UN Environment) in collaboration with the United Nations Industrial Development Organization (UNIDO) and supported by 11 partner institutions with expertise in climate technologies. The mission of the CTCN is to promote accelerated development and transfer of climate technologies at the request of developing countries for energy-efficient, low-carbon and climate-resilient development.

CTCN provides technical assistance to the countries using its own funds (which it receives through voluntary contributions of donor). The requests for Technical Assistance (TA) are submitted to the CTCN by the National Designated Entity (NDE) of the respective country. In this present case the CTCN has developed a response plan and expect to implement the technical assistance on its own funding.

In case you are not a CTCN network member yet, you may apply for this REOI and subsequent solicitation (Request for Proposal), subject to the condition that you submit your completed application for CTCN membership before the proposal submission closing date, which will be communicated in the subsequent Request for Proposal in due course of time. Furthermore, the contract award – should your proposal be selected – is conditional to your application for CTCN network membership being approved by CTCN management. The requirement to join the CTCN network is only relevant to the main bidder and not subcontractors. Please find more information to join CTCN Network at- <https://www.ctc-n.org/network>

The purpose of this REOI is to identify suitable firms who may be invited for the Request for Proposal after the REOI is closed. In addition to CTCN registration, all applicants should also be registered (free of charge) at United Nations Global Marketplace (www.ungm.org).

IMPORTANT:

Please note that this REOI is not an invitation for submission of tenders. Its purpose is to identify companies that would be interested and eligible to participate in the solicitation when issued. UNON will examine the outcome of this request for EOI and will consider those companies that have expressed their interest . UNON reserves the right to change or cancel the requirement at any time during the EOI and/or solicitation process. Thus, submitting a reply to this Request for EOI does not automatically guarantee your company will be considered for receipt of the solicitation when issued.
